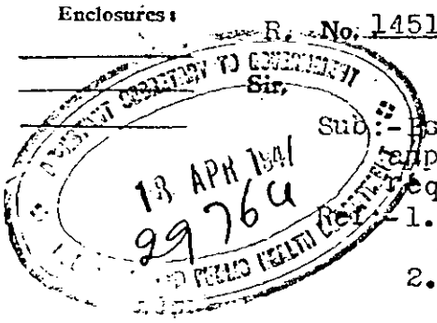
Enclosures: R. No. 14519-1/Epi.2 dated 16-4- 194 7.



Sir,

Sub:- Establishment - Public Health - Mangalore Municipality - Appointment of additional scavengers - Sanction - Requested

Ref:- 1. From the Commissioner, Mangalore, M.T. No. B2/15051-46 dated 6-1-1947.
2. From the Inspector of Municipal Councils and Local Boards, Madras N.Dis.1937/47 dated 30-1-1947.

I enclose a copy of letter No.B2/15051-46 dated 6-1-1947 from the Commissioner, Mangalore Municipality with its enclosure requesting sanction for the appointment of 22 additional scavengers sanctioned by the Municipal Council in its resolution No.32 dated 18-11-1946.

The usual standard of scavenging staff required is one scavenger for every public latrine of the conservancy type and one scavenger for every 40 private latrines. Mangalore Municipality has 21 Public latrines and 8358 private latrines and on the above standard (220) scavengers will be required, for efficient conservancy work. The Municipality now employs only 116 scavengers as against the 220 scavengers required. The additional ~~scavenger~~ staff of 22 scavengers now sanctioned by the Municipal Council will only be a slight improvement in the present staff position but even this modest proposal does not meet with the approval of the Inspector of ~~Municipal Councils and~~ Local Boards and Municipal Councils. He does not recommend the proposal for the appointment of the additional staff of 22 scavengers on the score of the unsound financial position of the Municipality. A copy of his endorsement N.Dis.1937/47 dated 30-1-1947 is enclosed for the information of Government. I do not agree with him and consider that the additional staff should be sanctioned. Since there is a difference of opinion between the Inspector of Municipal Councils and Local Boards and myself I request that the Government may be pleased to issue necessary orders in the matter.

FOR DIRECTOR OF PUBLIC HEALTH, MADRAS

Copy of letter No.B2/15051-46 dated 6th January 1947 from the Commissioner, Mangalore Municipality to the Director of Public Health, Madras through the Inspector of Municipal Councils and Local Boards, Madras and the Chairman, Municipal Council, Mangalore.

Sub:- Establishment - Public Health - Appointment of additional scavengers - sanction - Requested.

The Municipal Council in its resolution No.32 dated the 18th November 1946 (copy enclosed) has sanctioned the posts of 22 additional scavengers for the Municipality for the current year. There are at present 116 private scavengers to attend to 8358 private latrines. As it is, each scavenger has to clean on an average 72 private latrines. The Assistant Director of Public Health in his inspection report under the head "Conservancy" remarks as follows:-

"Only 70 private scavenging thoties are employed for the cleaning of about 7300 private latrines. This number is too inadequate.

pto

One scavenger can efficiently clean only about 50 latrines. At least 50 more scavengers are necessary for this purpose.

The inspection was held on 28th ~~xxxx~~ 29th and 31st January 1944 and there were about 70 scavengers then to clean 7300 private latrines. Now there are about 8300 such latrines and 110 scavengers to attend to their cleaning. Twenty two additional scavengers now required are the barest minimum and are therefore absolutely necessary. As per circular No.R.46640-E/41-2 dated the 28th May 1942 cf. the Director of Public Health a scavenger is to be allotted 40 latrines coming under priva-te scavenging and in August 1946 the scavengers threatened strike, it was agreed by the council that work may be entrusted as per the circular - The posts are being filled up with effect from 15th January 1947.

I request that the additional staff required may kindly be sanctioned from 15-1-1947.

Estt. PH. Mangalore Mlg. - Addl Scavengers, Employment Sanctioned

from the D.PH. R. no. 14519.1/Epi.2 dt 16.4.47.

Order Ms 1612 PH dt 10-5-47

On the basis of the B.E. for 1947-8 as revised by Govt the estimated ordinary receipts of the Mangalore Mcl will exceed the estimated ordinary expre. This surplus will further increase as a result of the increase in the rate of scavenging tax from 1.4.47. The Mcl is therefore moved the addl expre on account of the proposed addl staff. The Govt therefore sanction the employment of the addl staff of 22 scavengers.

K&H. P.H. Mangalore Mly. Appointment of addl Scavengers. Difference of opinion between the D.P.H and the D.L.B

From the D.P.H. R. No. 14519-1/Epi-A of 16-4-47.

On the scale of 1 scavenger for every public latrine of the Conservancy type and one scavenger for every 40 private latrines, the usual standard fixed by the D.P.H, the Mangalore Mcl should employ 230 scavengers (not 220 as stated by the D.P.H) as it has 21 public latrines and 8356 private latrines. It now employs 116 scavengers. The cl has sanctioned another 22 scavengers at an addl cost of Rs 1023. The D.P.H has recommended it while the D.L.B has declined in view of the unsound financial position of the cl. The D.P.H has therefore referred the matter to Govt for their decision. It appears from the Commrs letter on pp 1-2 c.f. that during the Conservancy strike the cl agreed to employ scavengers according to the scale laid down by the D.P.H. Even with the addn of 22 now proposed the total will be far below the standard.

The remarks of the L.A. may be invited as to the financial position of the Council.

Please see the note of E&PH above. On the basis of the BE for 47-48 as revised by Govt the estimated ordinary receipts exceed the estimated ordinary

expenditure by Rs 542,314. This will further increase to Rs 71094 as a result of a 1 per cent increase in the rate of Scavenging tax from 1-4-47. The additional cost involved in the proposal is only Rs 1023 this Dept need not object on financial grounds.
